

## OCTOBER REVIEW

Well, now that cooler weather is coming soon, it is time to get out and ride! I have found the best breeches possible! They are called Equissentials and are the most comfortable breeches I have ever ridden in. They stretch 4 ways, feel like a second skin and best of all, are recycleable! The company will replace the terry fabric for around 60% of the original retail price 4 times, on the fifth time, the whole breech will be replaced for free! I have a feeling they will last forever though! They are made so well and don't seem to stain. The fabric is very tough. One really big plus is that they will make custom breeches at NO EXTRA CHARGE, still speedy shipping , all you have to do is fill in 9 different size measurements for Jen and the breeches will be made to fit YOU! Normally delivery is within a week! These are very flattering breeches and the regular sizes go up to waist size 40. They have several different styles, half seat, full seat, patches, etc  
The website is: [\\_www.mahtowameadows.com\\_](http://www.mahtowameadows.com) (<http://www.mahtowameadows.com>)

They can also be found at (<http://www.warmbloods.com/meadows/>  
(<http://www.warmbloods.com/meadows/>) and just click on their banner, MAHTOWA MEADOWS SADDLES..

On this website, there is also a wash and rinse to use for breeches. It makes such a difference using this with leather on breeches, makes them so soft and supple!

They also have gloves that I have been looking for for years. They are made by SSG and are made of neoprene. I had a pair a few years ago, but a puppy “ate “them! Since then, I have been searching for the same style and finally found them, the Waterproof Sport glove. They are so versatile! They are waterproof, are so comfortable, you can pick up a quarter with them on PLUS, they are WARM! They have a Velcro wrist wrap to keep them snug. I definitely recommend these for winter riding and barn work! Washable too!

There are tons of wonderful things on this website. Lots of rider and horse apparel, saddles, and anything else you could want. Take a visit, check it out and I am sure you will find something! These are just 2 of the things I found and love. The best thing is, if you call or email Jen, she is very helpful and knowledgeable and will answer any questions you may have.
